Re: Building Permit #28313-10

Dear Mr. Wells,

Concern has been raised regarding the placement of your storage shed and its possible encroachment on the adjoining common property.

The building permit issued by this office depicts the shed placed 15' from the side property line. Based on my observations made during a site visit conducted on June 22, 2010, the shed appeared to be closer to the property line than approved.

Please contact this office so that the location of your shed can be verified by either the submittal of a survey or a site visit to observe the actual pinned location of the property line.

Thank you in advance for your cooperation in this matter.

Sincerely,

Donald F. Cropsey, Jr.
Chief Building Inspector
and Zoning Administrator
